Our contracting officers disagree with that. If we do not have a signed MA, they feel we do not not have the funds or performance period obligated for the contractors. This has been an issue for years in our region. We don't win that battle

Steve, There's absolutely no reason you should've let your contracting officer stand down, if you know an amendment is being processed.

Thanks please let me know as soon as it is signed. Our contracting officer has ordered our contractors to stand down so we do not get a ratification

Hey Steve,
It's finally gotten to Cole. I will call him right now so he can get in there.
Thanks for being so patient with us, I know your folks must be on you for it.

It's a DFA Mission Assignment, currently we do not have a state signature. I'm still waiting on their approval before the Amendment is processed.

Subject: Mission Assignment for ESF-10 Amendment

Mason, will you please amend our ESF-10 mission assignment (4332-DR-EPA-04-00) to extend the completion date until October 31, 2017. This will ensure we can complete the disposal of the wastes at the Houston Branch, as well as demobe our base camps in Beaumont/Port Arthur and Corpus Christi. No additional funding is needed for the amendment.

With Regards, Steve
